

Composition Prompt: Rain

Imagine a rain storm. Any kind of rain – from gentle drops through to a violent thunder storm.

Write or improvise a piece of music that describes your rain storm.

You can write a traditional type of song with a melody, or you can write a song that is just descriptive of the sounds of the storm. If you're writing a song that is descriptive you may want to use graphic notation. Of course, you don't have to write your song down. If you don't you may want to record it as you go so that you can go back later to listen to it.
